Merrill, Wisconsin 54452

Dear Mr. Page:

I have your letter of January 13, 1980 relative to your request for any information we might have regarding the Page Milk Company of Ubyly, Michigan.

As near as I can determine, the actual company records are no longer available and no doubt have been destroyed many years ago. In reviewing our Dairy Division annual reports, however, I was able to determine that the company definitely was in business and under inspection between the years of 1910-1918.

I wish I could help you more, but our records are very scanty in those years, and there is not much more that I can do.

If you are ever in Lansing, I would be glad to show you our annual reports for those years and you might be able to glean some additional information. If there is some other way that I can help, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kenneth D. Feighner".

Kenneth D. Feighner  
Acting Chief  
Dairy Division
